

Supporting Millinocket Regional Hospital

Donor Bill of Rights

Philanthropy through the Legacy Medical Foundation supporting Millinocket Regional Hospital is based on voluntary action for the common good of our hospital. It is a tradition of giving and sharing that is primary to the quality of life. To assure that philanthropy merits the respect and trust of the general public, and that donors and prospective donors can have full confidence in the not-for-profit organizations and causes they are asked to support, we declare that all donors have these rights:

To be informed of the Foundation mission, of the way the organization intends to use donated resources, and of its capacity to use donations effectively for their intended purposes.

To be informed of the identity of those serving on the organization's governing board, and to expect the board to exercise prudent judgement in its stewardship responsibilities.

To have access to the organizations most recent financial statements.

To be assured their gifts will be used for the purposes for which they were given.

To receive appropriate acknowledgement and recognitions.

To be assured that information about their donation is handled with respect and with confidentiality to the extent provided by law.

To expect that all relationships with individuals representing organizations of interest to the donor will be professional in nature.

To be informed whether those seeking donations are volunteers, employees of the Foundation or Hospital or hired solicitors.

To have the opportunity for their names to be deleted from mailing lists; that no sharing of information will ever take place.

To feel free to ask questions when making a donation and to receive prompt, truthful and forthright answers.
